Adult Track — Unplanned Movie Screening

This challenging film tells the true story of Abby Johnson, a former Planned Parenthood "employee of the year" turned pro-life activist. Beautifully illustrating the power of prayer, the movie helps us to understand the humanity of the unborn child. This is a perfect opportunity to help guide our children – tomorrow's leaders – in understanding moral truth. After the film we will spend time in respectful discussion.

Given the R-rating of this film, the viewing is limited to those **18 years and older**.
